

have the same household type (elderly, disabled, family, large family) and tenure type (owner/renter); require approximately the same tenant contribution towards rent; serve the same income group; are located in the same housing market; and are in standard condition.

(v) Application of this sufficient, comparable opportunities standard involves assessing the overall impact of HUD-assisted housing on the availability of housing choices for low-income minority families in and outside areas of minority concentration, and must take into account the extent to which the following factors are present, along with other factors relevant to housing choice:

(A) A significant number of assisted housing units are available outside areas of minority concentration.

(B) There is significant integration of assisted housing projects constructed or rehabilitated in the past 10 years, relative to the racial mix of the eligible population.

(C) There are racially integrated neighborhoods in the locality.

(D) Programs are operated by the locality to assist minority families that wish to find housing outside areas of minority concentration.

(E) Minority families have benefited from local activities (*e.g.*, acquisition and write-down of sites, tax relief programs for homeowners, acquisitions of units for use as assisted housing units) undertaken to expand choice for minority families outside of areas of minority concentration.

(F) A significant proportion of minority households has been successful in finding units in non-minority areas under the tenant-based assistance programs.

(G) Comparable housing opportunities have been made available outside areas of minority concentration through other programs.

(vi) Application of the “overriding housing needs” criterion, for example, permits approval of sites that are an integral part of an overall local strategy for the preservation or restoration of the immediate neighborhood and of sites in a neighborhood experiencing significant private investment that is demonstrably improving the economic

character of the area (a “revitalizing area”). An “overriding housing need,” however, may not serve as the basis for determining that a site is acceptable, if the only reason the need cannot otherwise be feasibly met is that discrimination on the basis of race, color, religion, sex, national origin, age, familial status, or disability renders sites outside areas of minority concentration unavailable or if the use of this standard in recent years has had the effect of circumventing the obligation to provide housing choice.

(4) The site must promote greater choice of housing opportunities and avoid undue concentration of assisted persons in areas containing a high proportion of low-income persons.

(5) The neighborhood must not be one that is seriously detrimental to family life or in which substandard dwellings or other undesirable conditions predominate, unless there is actively in progress a concerted program to remedy the undesirable conditions.

(6) The housing must be accessible to social, recreational, educational, commercial, and health facilities and services and other municipal facilities and services that are at least equivalent to those typically found in neighborhoods consisting largely of unassisted, standard housing of similar market rents.

(7) Except for new construction, housing designed for elderly persons, travel time, and cost via public transportation or private automobile from the neighborhood to places of employment providing a range of jobs for lower-income workers, must not be excessive.

#### § 983.58 Environmental review.

(a) *HUD environmental regulations.* Activities under the PBV program are subject to HUD environmental regulations in 24 CFR parts 50 and 58.

(b) *Who performs the environmental review?* (1) Under 24 CFR part 58, a unit of general local government, a county or a state (the “responsible entity” or “RE”) is responsible for the federal environmental review under the National Environmental Policy Act of 1969 (42 U.S.C. 4321 *et seq.*) and related applicable federal laws and authorities in accordance with 24 CFR 58.5 and 58.6.

## § 983.59

## 24 CFR Ch. IX (4–1–16 Edition)

(2) If a PHA objects in writing to having the RE perform the federal environmental review, or if the RE declines to perform it, then HUD may perform the review itself (24 CFR 58.11). 24 CFR part 50 governs HUD performance of the review.

(c) *Existing housing.* In the case of existing housing under this part 983, the RE that is responsible for the environmental review under 24 CFR part 58 must determine whether or not PBV assistance is categorically excluded from review under the National Environmental Policy Act and whether or not the assistance is subject to review under the laws and authorities listed in 24 CFR 58.5.

(d) *Limitations on actions before completion of the environmental review.* (1) The PHA may not enter into an Agreement or HAP contract with an owner, and the PHA, the owner, and its contractors may not acquire, rehabilitate, convert, lease, repair, dispose of, demolish, or construct real property or commit or expend program or local funds for PBV activities under this part, until one of the following occurs:

(i) The responsible entity has completed the environmental review procedures required by 24 CFR part 58, and HUD has approved the environmental certification and HUD has given a release of funds, as defined in § 983.3(b);

(ii) The responsible entity has determined that the project to be assisted is exempt under 24 CFR 58.34 or is categorically excluded and not subject to compliance with environmental laws under 24 CFR 58.35(b); or

(iii) HUD has performed an environmental review under 24 CFR part 50 and has notified the PHA in writing of environmental approval of the site.

(2) HUD will not approve the release of funds for PBV assistance under this part if the PHA, the owner, or any other party commits funds (*i.e.*, enters an Agreement or HAP contract or otherwise incurs any costs or expenditures to be paid or reimbursed with such funds) before the PHA submits and HUD approves its request for release of funds (where such submission is required).

(e) *PHA duty to supply information.* The PHA must supply all available, relevant information necessary for the RE

(or HUD, if applicable) to perform any required environmental review for any site.

(f) *Mitigating measures.* The PHA must require the owner to carry out mitigating measures required by the RE (or HUD, if applicable) as a result of the environmental review.

[70 FR 59913, Oct. 13, 2005, as amended at 79 FR 36167, June 25, 2014]

### § 983.59 PHA-owned units.

(a) *Selection of PHA-owned units.* The selection of PHA-owned units must be done in accordance with § 983.51(e).

(b) *Inspection and determination of reasonable rent by independent entity.* In the case of PHA-owned units, the following program services may not be performed by the PHA, but must be performed instead by an independent entity approved by HUD.

(1) *Determination of rent to owner for the PHA-owned units.* Rent to owner for PHA-owned units is determined pursuant to §§ 983.301 through 983.305 in accordance with the same requirements as for other units, except that the independent entity approved by HUD must establish the initial contract rents based on PBV program requirements;

(2) *Initial and renewal HAP contract term.* The term of the HAP contract and any HAP contract renewal for PHA-owned units must be agreed upon by the PHA and the independent entity approved by HUD. Any costs associated with implementing this requirement must be paid for by the PHA; and

(3) *Inspection of PHA-owned units as required by § 983.103(f).*

(c) *Nature of independent entity.* The independent entity that performs these program services may be the unit of general local government for the PHA jurisdiction (unless the PHA is itself the unit of general local government or an agency of such government) or another HUD-approved public or private independent entity.

(d) *Payment to independent entity.* (1) The PHA may compensate the independent entity from PHA ongoing administrative fee income (including amounts credited to the administrative fee reserve). The PHA may not use other program receipts to compensate the independent entity for its services.
